RE: Case No. 09-0

xx
xx
, Wisconsin 5

Dear :

The Department of Public Instruction received a letter on XXX, requesting reconsideration of the decision reference above. State and federal special education law do not provide for an appeal of state complaint decisions to the state education agency and the department generally will not reconsider a decision unless there is new information presented that has the potential to change the department's decision and that was not available at the time of the decision. The department has reviewed the complaint in light of your request and has determined no new information was presented which would result in a revision of the decision.

If you have any questions regarding this letter, please contact XXXX, Consultant, Special Education Team, at 608-267-XXXX.

Sincerely,

DIVISION FOR LEARNING SUPPORT:
EQUITY AND ADVOCACY

Stephanie J. Petska, Ph.D., Director
Special Education
